"My goal at Fullarton is to provide good, honest food using local fresh produce, great customer service and add to the vibrant community spirit at Living Choice Fullarton."

Damien Hein

Damien on Fisher makes its mark at Fullarton

Damien on Fisher and Hudsons Café opened at Living Choice Fullarton, 123 Fisher Street in early 2015. Since then, it has gained a reputation as Eastern Adelaide's finest dining, coffee and function venue and was voted a finalist in the "New Restaurant" category at the Restaurant & Catering SA 2015 Awards for Excellence.

Damien's, as it is affectionately known, is attracting clientele from far and wide, including clubs such as Rotary, Probus and Lions, business networking groups, Concordia College teachers, mums' coffee groups and residents from surrounding suburbs who appreciate good food, an excellent selection of wines – and, of course, great coffee!

It is also enjoying strong support from the residents at the retirement resort, recently voted South Australia's Best Development, plus their friends and family members, who have come to value the friendly, efficient service and fantastic seasonal menus.

Introducing Damien Hein

At the helm of Damien on Fisher Restaurant and Hudsons Café is owner Damien Hein whose dream of becoming a chef was ignited by a poster of a chef in the careers office at his school. Damien did two weeks work experience at the Hackney Hotel and loved it.

He completed a 4-year apprenticeship at St Paul's Function Complex where he was exposed to a wide variety of functions and weddings. He also worked at Haven in Glenelg, the Allan Group and by age 24, he owned his first restaurant, "Gourmands of Adelaide" in Magill Road.

Damien said he was inspired by former Head Chef at St Paul's, Natalie Button, who now works with Damien as his Pastry Chef. His favourite food is his mother's lasagne and in his precious time off he enjoys spending time with his partner, friends and his dog Deckstar, going out for Sunday breakfast, tinkering with cars and restoring his house.

"I source my produce from trusted restaurant and cafe association approved suppliers and look for freshness, seasonality and it must be local," says Damien.

"My goal at Fullarton is to provide good, honest food using local fresh produce, great customer service and to add to the vibrant community spirit at Living Choice Fullarton."

Hudsons Café

Open 7 days, 8am to 4pm

Walk into the lobby at Living Choice Fullarton and you will immediately be drawn to the rich aroma of coffee being served at the Hudsons Café. This popular café is drawing coffee lovers from far and wide – and children will love the milkshakes on offer. A great range of freshly prepared sandwiches, wraps, savoury tarts and sweet treats are also available from the display cabinet.

What our customers say ...

Ambience, quality food and service

"The Rotary Club of Unley began meeting at Damien on Fisher each Tuesday night in 2015. We chose Damien's because of its ambience, quality of food and service. It continues to deliver and is great for after-dinner fellowship and coffee in the lounge. Special events are catered for in a friendly and professional fashion."

Stephen Baker, President Rotary Club of Unley

The right setting for me

"Last Friday night I enjoyed a banquet in the Function Room. The creative chef Damien created a room with a lovely warm ambience. Flowers and lights were on side tables and the table was set for fine dining. Did you know that the ceiling lights are a creative wonder? You have a choice of one colour, colours that softly flow one to the other or if you are feeling in a wild mood they can flash. It was fun choosing the right setting for me. So if you have a special occasion coming up, allow Damien to transform it to something quite special."

Jill Argent

Dianne Bampton

"The menu is interesting, the food is consistently tempting, well-presented and value for money – and you can hear yourself speak!"
